

## **Term One News from Year 6 – It's A Wonderful World**

Welcome back we hope you all had a lovely summer and your children are ready to learn. We have an exciting curriculum planned based around your child's ideas and input during the transition days.

### **Literacy**

The children will be continuing to develop their basic skills in; spelling, grammar and punctuation. We will be studying the book 'Boom! By Mark Haddon. Guided reading groups will have decoding and inference objectives throughout the term too.

### **Maths**

The children will continue to become more accurate in all four operations, ensuring that they use the most effective method to solve a problem. There will also be a focus on developing understanding of number and using mental maths strategies.

### **Topic**

This term the topic of 'A Wonderful World' will be based around the areas of interest the children identified such as physical geography (extreme weather, different cultures, etc.) The topic will be explored through research using a variety of sources including ICT.

### **PE**

PE is on Monday and Friday. The children will be developing their dance skills and netball skills. Children will need to have the correct outdoor and indoor P.E kit with a carrier bag to put dirty trainers into.

Regards from

The Year 6 Team
