

Year group 2

Home learning options for term 1

Following the partial school closure in the last academic year we will be using this term to ensure that all of our children are settled and ready to progress both emotionally and academically.

To do this effectively we will not be launching our theme of 'it's a wonderful world' until Term 2.

Instead we will be using the reading, writing, maths and personal, social, health and emotional development curriculums to support and develop our children.

Because of this, term 1 home learning will encourage our children to extend their enquiring minds and use creative skills at home in preparation for the launch of the theme in term 2.

Over the term children should complete at least four of these challenges. You can do them in any order and send any photographic evidence into school via the school email.

In addition to this, we expect you to read at home every day and complete your spellings or phonic activities each week. These will be available to you on the school website in your year group area.
